

POLICE TELECOMMUNICATIONS ASSISTANT SUPERVISOR

Position Code: 1880

WC Code: 9410

FLSA Status: Non-Exempt

Pay Grade: 348

Location: Police

Approval Date: 2017

General Statement of Duties

An employee in this class contributes to the social and economic well-being of our community keeping Mooresville a safe place to live and work while assisting with supervising telecommunications for the Police Department and Town serving as a lead worker.

Distinguishing Features of the Class

Employees in this class will supervise a staff providing twenty-four hour emergency communications. Work also includes assisting with overseeing the installation, maintenance, and proper use of various radio, alarm, computer, and other electronic equipment involved in emergency communications. Other duties include personnel management, training, , ordering equipment, , daily performance review of telecommunicator's performance of duties, and submitting time sheets for payroll, Independent judgment and initiative is required in dealing all aspects of emergency communications, as well as the ability to perform under extremely stressful situations. Work involves frequent public contact which requires professionalism, tactfulness, decisiveness, sensitivity and courtesy. Active listening and the ability to communicate effectively are also required. Work requires the use of Computer Aided Dispatching in recording the information and dispatching the appropriate response. Employees supervise those that constantly monitor and communicate with emergency personnel using multiple radio, data and telephone messaging equipment. Work also includes duties associated accessing multi-agency police records and state/federal criminal and traffic databases. Work is performed in accordance with departmental policy and State and federal law. Employees may be required to work long shifts including night shifts, holidays and week-ends as needed. The employees are subject to inside environmental conditions. Work is performed under the general supervision of the Telecommunications Manager. Performance is evaluated through review of work performed and through periodic conferences.
